DETAILED ACTION

1. Claims 31-38 have been newly added, however, Claims 31-32 and 35-38 withdrawn from further consideration as being drawn to a nonelected species. Also, Claims 27 and 28 have been withdrawn from further consideration because the newly amended claims now are depended upon non-elected species (Claim 13). It is also noted that the formulae Ib and Ic in Claims 37-38 do not have an antecedent basis.

2. Claims 29-30 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

The claimed "component" does not have an antecedent basis.

Claim Rejections - 35 USC § 102

3. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

4. Claims 1-7, 10-11 and 24-26 and 33-34 are rejected under 35 U.S.C. 102(b) as being anticipated by Bao et al. (US 6,107,117).

The reference discloses a process for making thin film transistor in which the active layer comprises an organic semiconductor of 3-alkylthiophene polymer including

3-hexylthiophene (col. 1, lines 44-67 and Example on col. 5). Also see the first structure of the reference claims 4 and 11.

Response to Arguments

5. Applicant's arguments filed 12/16/06 with respect to the rejections in the previous Office Action have been fully considered and are persuasive. Therefore, the rejection has been withdrawn. However, upon further consideration, new grounds of rejection are made in view of the sections 2 and 4 abovementioned.

Conclusion

6. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
